### ***Response to Amendment***

1. Applicant's amendment and remarks received on 25 April 2007 have been entered.

### ***Drawings***

2. The replacement-drawings were received on 25 April 2007. These drawings are acceptable.

### ***Allowable Subject Matter***

3. Claims 1, 5-9, and 11-15 are allowed.
4. The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows or suggests a spark plug comprising, in addition to other limitations of the claim, at least one of a center electrode and a side electrode including a precious metal member containing Ir as a main component, 6.5 mass% to 22 mass% of Rh, 5.2 mass% of Ru, and 0.4 mass% to 3.5 mass% of Ni. Due to their dependency upon independent claim 1, claims 5-8 are also allowable.
5. Regarding independent claim 9, the prior art of record neither shows or suggests a spark plug comprising, in addition to other limitations of the claim, at least one of a center electrode and a side electrode including a precious metal member containing Ir as a main component, Ru in a range of from 8 mass% to 20 mass%, Ni in an amount not smaller than 0.4 mass% and smaller than the mass% of Ru contained in the

precious metal member, and Rh. Due to their dependency upon independent claim 9, claims 12-14 are also allowable.

6. Regarding independent claim 11, the prior art of record neither shows or suggests a spark plug comprising, in addition to other limitations of the claim, at least one of a center electrode and a side electrode including a precious metal containing Ir as a main component, Ru in a range of from 8 mass% to 20 mass%, Rh in an amount not smaller than 0.3 mass% and not larger than a content of Ru contained in the precious metal member, and Ni. Due to its dependency upon independent claim 11, claim 15 is also allowable.

7. The subject precious metal member described earlier is provided for improving resistance to spark abrasion of the discharge portion. The design is new and unique to the art.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
